

# T5DataCenters™

Forever On.

## T5@Colorado

Now Leasing

**T5@Colorado** is a pre-planned, pad-ready 64 acre data center campus with all infrastructure plans, entitlements, zoning and economic incentives in place to facilitate the construction of your optimal single or multi-tenant enterprise data center design with the lowest lead time and project costs.

- + Highly resilient and robust data center specific infrastructure with ultimate design flexibility
- + Proven enterprise location with low risk of natural and man-made business interruption
- + One of the Top 5 Lowest Cost Data Center Markets in the US
- + Secure, single-use data center campus located within a strong Enterprise market
