

T5DataCenters™

Top Tier. Bottom Line.

T5@Chicago

Now Leasing

T5@Chicago, the midwest's premier server-ready, multi-tenant enterprise data center campus, offers concurrently maintainable infrastructure designed for flexible infrastructure topologies, data hall sizes and density requirements. Our tenants benefit from secure data halls and complete control of their applications and servers while T5 supplies 24/7/365 operations to ensure our clients never have to worry if their critical functions are running.

- + Purpose built 213,000 SF data center facility delivering 16MW of highly reliable and redundant critical power in a server-ready, private suite configuration to meet your needs
- + Up to 66,300 SF of whitespace currently available
- + Secure, private data halls available from 540KW – 16MW give you control of your environment
- + Two diverse underground utility feeds
- + Concurrently maintainable and fault tolerant design
- + Priority-1 Smart Grid Electrical system provides improved efficiency, record reliability and enhanced options for energy savings
