

Our Business is Data Centers...

Data Center
**CONSTRUCTION
SERVICES**
FOREVER ON.

Data Center Construction Services

T5 Construction Services (T5CS) provides construction services for data center owners across North America. We strive to collaborate, customize, deliver, and satisfy every customer we do business with. Building and operating data centers is our core competency. With our extensive background as a contractor and developer, we're able to provide the following construction services:

- TURNKEY DATA HALL CONSTRUCTION PROJECTS
- EQUIPMENT PROCUREMENT
- FACILITY EXPANSIONS
- PROJECT MANAGEMENT/CONSULTING SERVICES

“ Our flexible approach ensures we deliver a custom solution, tailored to fit each customer's unique requirement. ”

Jimmy Bailey
Chief Development Officer
T5 Construction Services

The T5CS Foundation

The success of T5CS is dependent upon five (5) foundational core principles.

-  SAFETY (Zero-Accident Objective)
-  PROCESS & PROCEDURE EXECUTION
-  COMMUNICATION & COLLABORATION
-  BUDGET ADHERENCE
-  SCHEDULE ADHERENCE

The successful execution of these core principles allow us to deliver projects that exceed our customer's expectations.

“ Our goal is to deliver a solution that exceeds customer expectations. Through transparency, customer communication and internal process / procedures, we're able to deliver the right product for our clients. ”

Robbie Sovie
Senior Vice President, Development
T5 Construction Services

T5CS's Services

What makes us different?

01

UNIQUE OWNER / OPERATOR PERSPECTIVE

As owners, we understand what's important. We take our extensive contracting background + owners perspective = CS delivers a great experience and project.

02

TURNKEY OFFERING

Our experience allows us to provide & manage turnkey services including: design - construction - security - commissioning - facility operations.

03

COLLABORATION AND CUSTOMIZATION

We strive to collaborate and customize real solutions for our client(s).

04

PRINCIPLE INVOLVEMENT

Brings accountability and immediate access to key decision makers.

COLLABORATION
+ CUSTOMIZATION
+ DELIVERY
= CUSTOMER
SATISFACTION

100+
